

Management Strategies 101

“How To Get It All Done”

We understand...

In addition to legal and regulatory aspects, operating an independent business or leading an organization can be overwhelming. Arming yourself with a strategy to manage people, purpose, and processes gives you the power to improve productivity, performance and profits!

If you...

- Operate in fire-fighting mode most days
- Are stressed when making Executive decisions
- Want to replace friction and conflict with optimal performance
- Prefer visible, measurable results to unknown GAPs
- Would welcome guidance from a trusted advisor who understands

Sign up for our workshop, and you'll receive...

- **Tips:** From others who have implemented a “Clear Cut Strategy”
- **Tools:** An outline of steps to streamline your operation
- **Team-building:** An inspiring and thought provoking experience
- **Take-away:** Immediate strategies to help you achieve more productivity with less stress.

More Info:

- This workshop is for owners, leaders, managers, or anyone who wants less stress and a better strategy for organizing people, purpose, and processes.
- Use the contact page on our website, or give us a call, to **schedule your workshop!**

Hear about it from our clients:

"Training was a challenging, useful, and powerful exploration of my personal and vocational experiences. With Carla's guidance I was able to experience how this understanding inspires my professional development."

- Kevin Ryan, Sales Manager, Performance Auto Spa

"I found the training to be extremely thought provoking... It was a fun, interactive experience that helps define where you are currently and also gives you the tools to succeed in the future."

- Jason Schwalm, Field Supervisor, Bo Lacey Construction

About Carla Neer:

Founder and CEO of Clear Cut

With a degree in Organizational Leadership/Management and a love of behavioral psychology, Carla has been involved in executive leadership and strategic organizational development for over 25 years. Carla's client base spans many market segments, including:
